

WARRANTY STATEMENT

System : Edel Viagrass Pro

The a.m. mentioned artificial grass surface has an **8 years** warranty against :

- ◆ abnormal wear under normal play and ordinary use of the pitch (=up to 3.000 hours per year, while maintaining the pitch properly according to the manufacturer's maintenance advice, by a reasonable number of users/participants, for the sporting activities set out in the warranty and not including repetitive marching / training or high intensity drills on the same part of the field) ;
- ◆ weather influence such as U.V. radiation, temperature, humidity, rot and mould;
- ◆ damage due to water.

Emphatically excluded is all damage caused directly or indirectly by factors that fall outside the influence and responsibility of Edel Grass B.V., such as the base and shock pad.

The warranty is only valid for defects arising from the manufacture of the artificial grass or in the raw materials used therein.

This warranty excludes damage and defects caused by :

- ◆ using the surface for other purposes than the playing of sports usually associated with artificial grass surfaces;
- ◆ using unsuitable foot-wear;
- ◆ mechanical damage, vandalism, fire, chemical attack or disasters;
- ◆ insufficient and/or incorrect maintenance.

This warranty applies to damage to the artificial grass surface only and is restricted to repair or replacement of the artificial grass surface, the extent of which to be judged exclusively by Edel Grass B.V.

Should replacement of parts or part of all the artificial grass surface take place, same will be done against calculation of a reasonable indemnification for the use since the date of handover, which indemnification will be fixed by mutual agreement.

Any claim under the warranty expires when without previous written consent of Edel Grass B.V. work has proceeded to repair and/or replace part or the entire surface.

In the event that the principal and Edel Grass are in dispute, both parties will accept the ISA (Institute for Sport accommodation) as independent arbiters.

Genemuiden (NL), 16-04-2009
